Other Interesting Facts:

This crazy Muppet has taken a break from banging on the drums to scrounge the parade route for a snack. If there is one thing Animal never leaves home without, it's his enormous appetite. It would take TONS of food to fill this inflatable rock star, even more than the 6,000 cubic feet of helium already inside him! Although he may be hard to understand at times, it is loud and clear that Animal wishes everyone the happiest of holidays.
